Capabilities at a glance

Airbus

Airbus A300

Aircraft type	Wide body
Services	Landing Gear Overhaul, Engineering Services, Wheels and Brakes, Component Services, Airframe MRO

Airbus A310

Aircraft type	Wide body
Services	Landing Gear Overhaul, Engineering Services, Wheels and Brakes, Component Services, Airframe MRO

Airbus A318

Aircraft type	Narrow body
Services	Landing Gear Overhaul, Airframe MRO, Engineering Services, Flight-hour component support, Component Services

Airbus A319

Aircraft type	Narrow body
Services	Airframe MRO, Landing Gear Overhaul, Engineering Services, Flight-hour component support, Component Services

Airbus A319-9A7

Aircraft type	Narrow body
Services	Landing Gear Overhaul, Engineering Services, Flight-hour component support, Component Services

Airbus A320 (CEO / NEO)

Aircraft type	Narrow body
Services	Airframe MRO, Landing Gear Overhaul, Engineering Services, Flight-hour component support, Wheels and Brakes, Component Services

Airbus A320-7A344

Aircraft type	Narrow body
Services	Landing Gear Overhaul, Engineering Services, Flight-hour component support, Wheels and Brakes, Component Services

Airbus A320-81979

Aircraft type	Narrow body
Services	Landing Gear Overhaul, Engineering Services, Flight-hour component support, Wheels and Brakes, Component Services

Airbus A321

Aircraft type	Narrow body
Services	Airframe MRO, Landing Gear Overhaul, Engineering Services, Flight-hour component support, Wheels and Brakes, Component Services

Airbus A330

Aircraft type	Wide body
Services	Airframe MRO, Landing Gear Overhaul, Engineering Services, Flight-hour component support, Wheels and Brakes, Component Services

Airbus A340

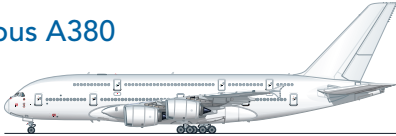

Aircraft type	Wide body
Services	Landing Gear Overhaul, Engineering Services, Wheels and Brakes, Component Services

Airbus A350

Aircraft type	Wide body
Services	Engineering Services, Component Services

Airbus A380

Aircraft type	Wide body
Services	Component Services

ATR

ATR 42-300 / 500

Aircraft type	Regional
Services	Airframe MRO, Engineering Services, Wheels and Brakes, Component Services

ATR 72-300 / 500

Aircraft type	Regional
Services	Airframe MRO, Engineering Services, Wheels and Brakes, Component Services

Boeing

Boeing 707

Aircraft type	Wide body
Services	Wheels and Brakes, Component Services

Boeing 717

Aircraft type	Narrow body
Services	Engineering Services, Wheels and Brakes, Component Services, Airframe MRO

Boeing 727

Aircraft type	Narrow body
Services	Engineering Services, Wheels and Brakes, Component Services

Boeing 737 [-Classic, -NG / MAX]

Aircraft type	Narrow body
Services	Airframe MRO, Landing Gear Overhaul, Engineering Services, Flight-hour component support, Wheels and Brakes, Component Services

Boeing 747

Aircraft type	Wide body
Services	Landing Gear Overhaul, Engineering Services, Wheels and Brakes, Component Services, Airframe MRO

Boeing 757

Aircraft type	Wide body
Services	Airframe MRO, Landing Gear Overhaul, Engineering Services, Flight-hour component support, Wheels and Brakes, Component Services

Boeing 767

Aircraft type	Wide body
Services	Airframe MRO, Landing Gear Overhaul, Engineering Services, Flight-hour component support, Wheels and Brakes, Component Services

Capabilities at a glance

Boeing 767-7A344

Aircraft type	Wide body
Services	Landing Gear Overhaul, Engineering Services, Flight-hour component support, Wheels and Brakes, Component Services

Boeing 777

Aircraft type	Wide body
Services	Landing Gear Overhaul, Engineering Services, Flight-hour component support, Wheels and Brakes, Component Services, Airframe MRO

Boeing 787

Aircraft type	Wide body
Services	Landing Gear Overhaul, Engineering Services, Component Services, Wheels and Brakes

Boeing C-40 Clipper USN (737)

Aircraft type	Military
Services	Airframe MRO, Landing Gear Overhaul, Component Services, Wheels and Brakes, Engineering Services

Boeing E-3D AWACS

Aircraft type	Military
Services	Landing Gear Overhaul, Wheels and Brakes

Boeing P-8A Poseidon USN (737)

Aircraft type	Military
Services	Depot Maintenance, Landing Gear Overhaul, Component Services, *, Wheels and Brakes, Program Management, Limited Supply Chain Support

Boeing C-32 USAF (757)

Aircraft type	Military
Services	Airframe MRO, Landing Gear Overhaul, Component Services, *, Wheels and Brakes

Boeing CH-47C / D / F MH-47-G Chinook

Aircraft type	Military
Services	Component Services

Boeing CH-45 Sea Knight (USG & FMS)

Aircraft type	Military
Services	Component Services

Boeing VC-25 (747)

Aircraft type	Military
Services	Component Services, Landing Gear Overhaul, Wheels and Brakes, *

Boeing KC-46

Aircraft Type	Military
Services	Component Services, Supply Chain Services, Engineering Services, Ground Support Equipment

Boeing KC-135 Stratotanker

Aircraft Type	Military
Services	Component Services

Boeing E-4B

Aircraft Type	Military
Services	Component Services

Boeing C-17 Globemaster

Aircraft Type	Military
Services	Component Services

BAE

BAE 145 / 146

Aircraft type	Regional
Services	Engineering Services, Component Services

Bombardier

Bombardier / de Havilland Canada Dash 8 (DHC-8)

Aircraft type	Regional
Services	Airframe MRO, Engineering Services, Wheels and Brakes, Component Services

Bombardier CRJ100

Aircraft type	Regional
Services	Airframe MRO, Wheels and Brakes

Bombardier CRJ200

Aircraft type	Regional
Services	Airframe MRO, Engineering Services, Wheels and Brakes, Component Services

Bombardier CRJ700

Aircraft type	Regional
Services	Airframe MRO, Landing Gear Overhaul, Engineering Services, Flight-hour component support, Wheels and Brakes, Component Services

Bombardier CRJ900

Aircraft type	Regional
Services	Airframe MRO, Landing Gear Overhaul, Engineering Services, Flight-hour component support, Wheels and Brakes, Component Services

Capabilities at a glance

Candianair

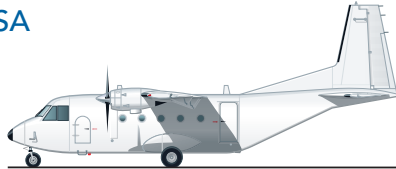

Candianair CL-215

Aircraft type	Civil
Services	Airframe MRO

CASA

CASA

Aircraft type	Military
Services	Wheels and Brakes

Dornier

Dornier 328

Aircraft type	Regional
Services	Airframe MRO, Wheels and Brakes

Embraer

Embraer 120

Aircraft type	Regional
Services	Engineering Services, Wheels and Brakes, Component Services

Embraer 145

Aircraft type	Regional
Services	Airframe MRO, Engineering Services, Flight-hour component support, Wheels and Brakes, Component Services

Embraer 170 / 175

Aircraft type	E-Jet
Services	Airframe MRO, Landing Gear Overhaul, Engineering Services, Flight-hour component support, Wheels and Brakes, Component Services

Embraer 190 / 195

Aircraft type	E-Jet
Services	Landing Gear Overhaul, Airframe MRO, Engineering Services, Flight-hour component support, Wheels and Brakes, Component Services

Embraer Lineage 1000

Aircraft type	E-Jet
Services	Landing Gear Overhaul

Embraer ERJ 135 / 140 / 145

Aircraft type	Regional
Services	Landing Gear Overhaul, Engineering Services, Flight-hour component support, Wheels and Brakes, Component Services

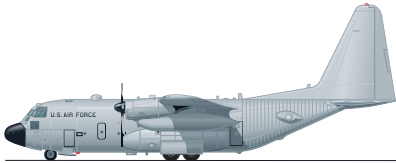

Lockheed Martin

Lockheed Martin F-16 Blk 15-Block 60

Aircraft type	Military
Services	Landing Gear Overhaul, Component Services, Wheels and Brakes, Program Management, Supply Chain, Depot Level Maintenance

Lockheed C-130 Hercules (many variants and end users worldwide)

Aircraft type	Military
Services	Landing Gear Overhaul, Component Services, Wheels and Brakes

Lockheed Martin P-3 USN

Aircraft type	Military
Services	Landing Gear Overhaul, Wheels and Brakes, Component Services

Eurocopter

Eurocopter HH-65A / B / C Dolphin (USCG)

Aircraft type	Military
Services	Component Services, Wheels and Brakes

McDonnell Douglas

McDonnell Douglas DC-10

Aircraft type	Military
Services	Landing Gear Overhaul, Wheels and Brakes, Component Services

McDonnell Douglas DC-9 / C-9 variants

Aircraft type	Narrow body
Services	Engineering Services, Wheels and Brakes, Component Services, Airframe MRO

McDonnell Douglas DC9-9A73

Aircraft type	Narrow body
Services	Engineering Services, Wheels and Brakes, Component Services

McDonnell Douglas KC-10

Aircraft type	Military
Services	Landing Gear Overhaul, Wheels and Brakes, Component Services

Capabilities at a glance

McDonnell Douglas MD-11

Aircraft type	Military
Services	Landing Gear Overhaul, Wheels and Brakes, Component Services

McDonnell Douglas MD-80

Aircraft type	Narrow body
Services	Engineering Services, Wheels and Brakes, Component Services, Airframe MRO

McDonnell Douglas MD-80-7A344

Aircraft type	Narrow body
Services	Engineering Services, Wheels and Brakes, Component Services

McDonnell Douglas MD-83

Aircraft type	Narrow body
Services	Engineering Services, Wheels and Brakes, Component Services

McDonnell Douglas MD-87

Aircraft type	Narrow body
Services	Engineering Services, Wheels and Brakes, Component Services

McDonnell Douglas MD-88

Aircraft type	Narrow body
Services	Engineering Services, Wheels and Brakes, Component Services

McDonnell Douglas MD-90

Aircraft type	Narrow body
Services	Engineering Services, Wheels and Brakes, Component Services, Airframe MRO

McDonnell Douglas AV-8B Harrier II (USMC)

Aircraft type	Military
Services	Component Services

McDonnell Douglas T45 / T-45C

Aircraft type	Military
Services	Component Services

Grumman

S2-T (CAL Fire) and S-2 Firecat
*Modified from Grumman S-2

Aircraft type	Military
Services	Landing Gear Overhaul, Component Services

Capabilities at a glance

Sikorsky

Sikorsky UH-60 (many variants and end users worldwide)

Aircraft type	Military
Services	WASS Service Support (incl. operations and logistics full service support), Depot Maintenance, Landing Gear Overhaul, Component Services, Wheels and Brakes, Program Management, Supply Chain Services, Calibration Services, Engineering Services, Flight Line Maintenance on the Aircraft, Aircraft Ground Support Equipment

*Engineering Services can do work on commercial variants for military / government aircraft but have no active plans at the moment.
