Associate Production Engineer (Nacelle)

The position

We are looking for Associate Production Engineer to be responsible for the provision of maintenance record documents (Routings) to ensure appropriate processes are performed in accordance with approved data, engineering support to shop floor product lines, on-site technical support, and implementation of continuous improvement tenets to improve/enhance repair quality and reduce cost of labor hours and materials. Daily management and oversight of continuous improvement are based on the principles of AAR Moto.

Key Roles & Responsibilities:

- Attend daily production meetings to review repair order status, progress, and engineering support requirements.
- Review approved technical documents such as CMM, SRM, IPC/IPL, drawings, SB, SL, AD, OEM manuals, and specifications.
- Prepare and update maintenance routings based on approved technical data and company procedures.
- Review technical documents regularly and update routings to ensure the latest revision is applied.
- Provide technical support and clarification for repair activities including disassembly, inspection, assembly, testing, troubleshooting, and repair.
- Define repair work scope based on customer requirements, CMM, SRM, AD, SB, and related documents. · Support warranty investigations, root cause analysis, corrective actions, and preventive actions.
- Provide technical support to internal teams and external customers.
- Communicate technical issues and improvement feedback to OEM when required.
- Coordinate with OEM for repair instructions or approval for damages beyond CMM/SRM limits.
- Investigate product issues and support actions to prevent repeat non-conformities.
- Coordinate with customers and internal departments to resolve repair and overhaul issues.
- Support operations to achieve production, quality, and delivery targets.
- Support audit findings investigation and implement corrective/preventive actions.
- Perform other duties or assignments as required by the manager

- Execute all activities in strict accordance/compliance with the EH&S Policy , Procedure, law & regulation, ISO 14001 system, and SMS .
- Take ultimate accountability for the prevention of work-related injury , ill health and accident as well as the protection & conservation of the environment.

Qualifications:

- Bachelor's degree in Aerospace, Mechanical, Industrial Engineering, or related field
- New graduate is welcomed.
- Basic understanding of aircraft components, repair processes, and MRO operations.
- Develop product knowledge and problem-solving skills for Nacelles.
- Able to read and understand drawings, SRM, CMM, IPC/IPL, specifications, and approved technical data with guidance.
- Support compliance with FAA, EASA, customer, and company requirements.
- Participate in Lean, process improvement, quality improvement, and cost reduction activities.

Total rewards

As an AAR team member your rewards include:

- Annual uniform
- PPE safety equipment
- Transportation
- Vacation benefits, including Thai Public Holidays
- Provident Fund
- Group Insurance
- Training and development opportunities
- Staff engagement and recognition events

Performance objectives

- **Teamwork** – collaborates with colleagues to achieve results and is also comfortable working independently
- **Building trust** – operates with integrity, discloses own positions, remains open to ideas, and supports others through dignity, respect, and fairness
- **Building relationships and partnerships** – develops and leverages relationships within and across teams to achieve results
- **Communication** – conveys information and ideas clearly and concisely to individuals or group in an engaging manner, helping them understand and retain the message
- **Analytical skills** – must be able to use data to determine cause and effect for complex problem solving
- **Quality orientation** – accomplishes tasks by considering all areas involved, no matter how detailed

Why should you apply?

- AAR is the only aerospace / defense company on Forbes' America's Best Mid-Size Employers list.
- Our innovative and entrepreneurial culture encourages employee input in every aspect, from day-to-day activities to the company's future growth.
- Our learning and career development program affords employees a learning path with the necessary tools and resources needed to help build their career at AAR.
- We support non-profits and organizations that work to improve society in four primary areas: veterans and active military; education with an emphasis on STEM; health and wellness; and diversity / inclusion.
