Associate Evaluator (FCP)

The position

We are looking for an associate evaluator to be responsible for performing inspections of IAW CMM, SRM, Drawings and approved data, preparation of discrepancy reports for submission to customers and input of required materials in MRP system to suit customer requirements. Daily operational work will be based on the principles of Lean Production.

Key Roles & Responsibilities:

- Attend daily morning meeting (8.00 AM – 8.10 AM) with team leader to update SRO progress against targeted date, raise quality and safety concerns, request supports needed to finish assigned tasks within deadline
- Perform receiving inspection of aircraft components
- Attend meetings to obtain work scope required IAW customer repair orders and/or requirements. Convert customer agreement/contract/proposal into working SRO DR reports
- Communicate & coordinate with Mechanical and Cleaning Technicians for works required.
- Inspect aircraft parts / components IAW CMM, IPL/IPC, Service Bulletin, Service Letter, Airworthiness Directive and SRM · Justify serviceable parts against CMM and/or Aviation Industry Standards
- Make repair/replace decisions associated with cost reduction and quality
- Prepare work packages and routings for assigned SROs
- Create DR worksheet (Discrepancy Report) to address and conform with customer requirements
- Perform SB check list (Previous complied, Comply with, and not applicable)
- Raise REA to Design engineers for repair materials and repair instruction of damages beyond repairable limits per CMM and SRM.
- Create BOM (Bill of Materials) and demand in MRP system (Syteline)
- Coordinate with Production and Design Engineering for work/repair instruction and routings
- Coordinate with MAC, and Supply Chain for repair processes and outside process
- Separate serviceable, repairable, scrapped parts and write identification tags (Green, Yellow and Red tags)
- Visualize findings using Visual Control Method

- Coordinate with CRM for chargeable and non-chargeable items against customer agreement/contract/proposal
- Perform cross-checks with other evaluators
- Summarize DR worksheet and routings to Mechanical Technicians, Bonders and Paint Technicians
- Support warranty investigation report, root cause identification, corrective actions and preventive actions.
- Perform assigned tasks to attain production and delivery goals
- Completes all required paperwork and documentation in timely manner
- Ensure product quality to meet all requirements for FAA, EASA, CAAC and other standards with customer satisfaction
- Comply with safety regulations through maintaining/enforcing the facility safety rules/guidelines.
- Perform daily preventative maintenance check, daily tooling check and weekly chemical cabinet update as assigned.
- Wear PPEs as required in shop floor areas.
- Adhere to company policy, EHS procedure and company procedures
- Identify problems in production processes and resolve issues
- Implement good housekeeping and 5S activity
- Support continuous improvement goals in safety, quality, delivery and cost
- Demonstrate flexibility to participate in various activities and tasks based upon the needs of the Program
- Work upon supervisor's assignments or any other job duties as assigned by team leader

Qualifications:

- Diploma or Bachelor's Degree –Mechanics / Aerospace Engineering or Related
- New graduate is welcomed
- Operational understanding and troubleshooting skills · Capability to read and interpret mechanical drawings and work instructions
- Ability to read, write and understand English and computer literacy is required
- Able to read, interpret and understand SRM, CMM Manual, IPCs · Hands-on skills in using of common hand tools and measuring equipment
- Proficiency in computer skills and Microsoft Suite (MS Word, Office, Excel)
- Able to coordinate and work well with others (i.e. Production and Design Engineers, Planners/Buyers)
- Ability to work shifts/weekends

Total rewards

As an AAR team member your rewards include:

- Annual uniform
- PPE safety equipment
- Transportation
- Vacation benefits, including Thai Public Holidays
- Provident Fund
- Group Insurance
- Training and development opportunities
- Staff engagement and recognition events

Performance objectives

- **Teamwork** – collaborates with colleagues to achieve results and is also comfortable working independently
- **Building trust** – operates with integrity, discloses own positions, remains open to ideas, and supports others through dignity, respect, and fairness
- **Building relationships and partnerships** – develops and leverages relationships within and across teams to achieve results
- **Communication** – conveys information and ideas clearly and concisely to individuals or group in an engaging manner, helping them understand and retain the message
- **Analytical skills** – must be able to use data to determine cause and effect for complex problem solving
- **Quality orientation** – accomplishes tasks by considering all areas involved, no matter how detailed
