The position

We are looking for a support technician to perform and ensure safe and efficient cleaning of all parts using chemical and mechanical methods, operating glass bead, aluminum oxide and plastic media machines, Pressure Wash Steamer, Acid tanks, and Chemical tanks. Daily operational work will be based on the principles of AAR.

Key Roles & Responsibilities:

- Attend daily morning team meeting (8.00 AM – 8.10 AM) for the production schedule and report work progress assigned, blocking issues which can cause delays, responsible machine breakdown and also report safety and quality issues.
- Clean all parts using chemical and mechanical methods per CMM, SPM and SRM.
- Perform corrosion removal per standard practice manuals.
- Perform protective coating removal per CMMs and standard practice manuals.
- Operate glass bead, aluminum oxide and plastic media machines, Pressure Wash Steamer, Acid tanks, and Chemical tanks per SPM and work instruction
- Properly protects material/parts by masking, caps, plug, plastic wrapping or other approved methods.
- Apply conversion coating (Alodine 600, 1000, and 1200) on aluminum parts per CMM, SPM and SRM.
- Perform chemical passivation on metallic parts.
- Polish the lip skins IAW CMM and SRM.
- Perform unboxing, unpacking and receiving of the aircraft structure components for incoming.
- Perform cleaning, paint touch-up, and marking in final-out process.
- Perform packing and boxing of the aircraft structure components for outgoing.
- Take photos of unit incoming and outgoing conditions and save in a computer.
- Perform cleaning tasks to attain production, quality and delivery goals.
- Completes all required paperwork and documentation in timely manner.
- Perform daily preventative maintenance, daily tooling check list and weekly update chemical cabinets on assigned tasks.
- Identify problems in production processes and resolve issues.
- Ensure all cleaning operations are conducted in safe manner.
- Participates in providing procedure modification to improve production efficiency
- Support continuous improvement goals in safety, quality, delivery and cost

- Demonstrate flexibility to participate in various activities and tasks based upon the needs of the department.
- Participate in lean
- Additional work or other job duties as assigned, or upon Supervisor's request
- Execute all activities in strict accordance/compliance with the EH&S Policy , Procedure, law & regulation, ISO 14001 system, and SMS .
- Take ultimate accountability for the prevention of work-related injury , ill health and accident as well as the protection & conservation of the environment.

Qualifications:

- High vocational diploma or High School and have experience in production and/or aviation environment
- New graduate is welcomed
- Ability to stand for prolonged periods of time
- Ability to coordinate and work well with other departments and individuals within the organization
- Possess a strong team orientation, and able to work shifts / weekends
- Able to use basic MS Word, Office, Excel · Able to read, write and understand English (Basic)
- Have strong communication and interpersonal skills · Willing to learn and self-motivated

Total rewards

As an AAR team member your rewards include:

- Annual uniform
- PPE safety equipment
- Transportation
- Vacation benefits, including Thai Public Holidays
- Provident Fund
- Group Insurance
- Training and development opportunities
- Staff engagement and recognition events

Performance objectives

- **Teamwork** – collaborates with colleagues to achieve results and is also comfortable working independently
- **Building trust** – operates with integrity, discloses own positions, remains open to ideas, and supports others through dignity, respect, and fairness
- **Building relationships and partnerships** – develops and leverages relationships within and across teams to achieve results
- **Communication** – conveys information and ideas clearly and concisely to individuals or group in an engaging manner, helping them understand and retain the message
- **Analytical skills** – must be able to use data to determine cause and effect for complex problem solving
- **Quality orientation** – accomplishes tasks by considering all areas involved, no matter how detailed

Why should you apply?

- AAR is the only aerospace / defense company on Forbes' America's Best Mid-Size Employers list.
- Our innovative and entrepreneurial culture encourages employee input in every aspect, from day-to-day activities to the company's future growth.

- Our learning and career development program affords employees a learning path with the necessary tools and resources needed to help build their career at AAR.
- We support non-profits and organizations that work to improve society in four primary areas: veterans and active military; education with an emphasis on STEM; health and wellness; and diversity / inclusion.
