

AIRCRAFT MECHANIC AAR-006

About Us:

AAR Corp. (NYSE: AIR) is a global aerospace and defense aftermarket solutions company that employs more than 6,000 people across over 60 sites in over 20 countries. Headquartered in the Chicago, Illinois area, AAR supports commercial and government customers in more than 100 countries through four operating segments: Parts Supply, Integrated Solutions, Repair and Engineering and Expeditionary Services.

AAR's purpose is to empower people to build innovative aerospace solutions today so you can safely reach your destination tomorrow. The company's mission is to go above and beyond to provide value-driven aerospace aftermarket solutions to meet the evolving needs of our customers worldwide. AAR constantly searches for the right thing to do for its customers, employees, partners and for society.

Description:

We are looking for An Aircraft Mechanic to be responsible for assembling, disassembling and repairing various mechanical, hydraulic and pneumatic systems.

What you will be responsible for:

- Detect structural, mechanical or hydraulic aircraft problems and adjust and repair the problems according to specifications, technical drawings, manuals and procedures
- Repair and overhaul structural, mechanical or hydraulic aircraft systems
- Install and modify aircraft engines or other aircraft systems such as mechanical and hydraulic systems, flight control, fuel systems and pneumatic systems
- Dismantle airframes, engines or other aircraft systems for repair, return to a good condition, clean and reassemble them
- Perform routine maintenance and report/write up defects and order parts
- Check aircraft structural and mechanical systems and ensure that these systems meet the performance and safety standards of Transport Canada and AAR MRO Services Windsor
- Monitor quality of operations, identify anomalies and make necessary corrections
- Perform surveys of parameters; Read and interpret the parameters
- Actively participate in AAR Aircraft Services Windsor's Safety Management System (SMS), including reporting safety hazards and incidents encountered in daily operations; understand and promote the company safety policy
- Keep detailed reports on the repair, inspection and certification of aircraft

What you will need to be successful in this role:

- Transport Canada 'M2' license

- Minimum 5 years' experience in Aircraft Maintenance
- 737 NG/Max and/or Embraer 170/190 endorsements an asset
- Clear understanding of manufacturers and regulatory documentation, including Service Bulletins, Engineering Drawings and ensuring a thorough application of technical documentation
- Meet the quality, cost and time commitments
- Read drawings and be rigorous in the use and application of technical documentation
- Clear understanding of Canadian Aviation Regulations (CARS)
- Extensive knowledge and skilled use of tools of the trade and the processes to perform duties as assigned
- Master the use of complex equipment for testing
- Must have own set of tools and toolbox (specialty and calibrated tools provided)

The rewards of your career at AAR go far beyond just your salary:

- Annual Uniform and Safety Boot Allowance
- Comprehensive benefits package including medical, dental, and vision coverage.
- RRSP with company match
- Paid time off including 11 Holidays
- Professional development and career advancement opportunities
- Third Party Discounts

Physical Demands/Work Environment:

The physical demands and work environment characteristics described here are representative of those that must be met by an employee to successfully perform the essential functions of this job.

- Daily work activities are performed on the hangar floor
- Shift work
- Overtime as required

AAR provides accommodation in accordance with applicable laws through all stages of the hiring process. If you require accommodation for any part of the application and/or hiring process, please advise Human Resources.

Compensation:

The anticipated licensed salary range for this position is \$34.01 to \$39.28 hourly. If granted ACA, the anticipated salary range for this position is \$39.46 to \$50.30 hourly. This range reflects the base pay for candidates who meet the requirements of the role, including experience, education, and location.

Application:

Qualified applicants may email their resume to windsorrecruiting@aarcorp.com. **Please quote file # AAR-006.** Please submit your resume in MS Word or PDF format.

Although all applications are appreciated, only those candidates selected for an interview will be contacted.

AAR is committed to building a diverse and inclusive workforce. We encourage applications from people of all races, ethnic origins, religions, abilities, sexual orientations, gender identities, or expressions. We are dedicated to the health and safety of our people, our customers, and the communities where we live and work.
