

STRUCTURES S LICENSED MECHANIC AAR-009

About Us:

AAR Corp. (NYSE: AIR) is a global aerospace and defense aftermarket solutions company that employs more than 6,000 people across over 60 sites in over 20 countries. Headquartered in the Chicago, Illinois area, AAR supports commercial and government customers in more than 100 countries through four operating segments: Parts Supply, Integrated Solutions, Repair and Engineering and Expeditionary Services.

AAR's purpose is to empower people to build innovative aerospace solutions today so you can safely reach your destination tomorrow. The company's mission is to go above and beyond to provide value-driven aerospace aftermarket solutions to meet the evolving needs of our customers worldwide. AAR constantly searches for the right thing to do for its customers, employees, partners and for society.

Description:

We are looking for a Structures S Licensed Technician to be responsible for performing a full range of aircraft sheet metal duties including disassemble, modify, repair and reassemble complex aircraft metal items.

What you will be responsible for:

- Repair, fabrication or modification of airframe structures as assigned in accordance with approved technical instructions
- As a member of the AAR team, work to achieve quality, cost and time commitments
- Assist in mentoring Apprentice Technicians
- Perform initial inspection of aircraft upon receipt into heavy maintenance within scope of Transport Canada S License
- Perform maintenance release of completed task and address any identified discrepancies
- Perform inspections, use SRM/drawings to determine serviceability of part/structure
- Map damage out of limits and send assessment to engineering for validation
- Actively participate in AAR Windsor's Safety Management System (SMS) including reporting safety hazards and incidents encountered in daily operations; understands and promotes the company safety policy
- Maintain a clean and safe work environment

What you will need to be successful in this role:

- Transport Canada 'S' license
- Minimum 5 years' experience in Aircraft Structural Repair, Modification and Fabrication
- Clear understanding of manufacturers and regulatory documentation, including Service

Bulletins, Engineering Drawings and ensuring a thorough application of technical documentation

- Clear understanding of Canadian Aviation Regulations (CARS)
- Extensive knowledge and skilled use of the tools of the trade and the processes to perform duties as assigned
- Must have own tools and toolbox (specialty and calibrated tools provided)

The rewards of your career at AAR go far beyond just your salary:

- Annual Uniform and Safety Boot Allowance
- Comprehensive benefits package including medical, dental, and vision coverage.
- RRSP with company match
- Paid time off including 11 Holidays
- Professional development and career advancement opportunities
- Third Party Discounts

Physical Demands/Work Environment:

The physical demands and work environment characteristics described here are representative of those that must be met by an employee to successfully perform the essential functions of this job.

- Daily work activities are performed on the hangar floor
- Shift work
- Overtime as required

AAR provides accommodation in accordance with applicable laws through all stages of the hiring process. If you require accommodation for any part of the application and/or hiring process, please advise Human Resources.

Compensation:

The anticipated licensed salary range for this position is \$34.01 to \$39.28 hourly. If granted ACA, the anticipated salary range for this position is \$39.46 to \$50.30 hourly. This range reflects the base pay for candidates who meet the requirements of the role, including experience, education, and location.

Application:

Qualified applicants may email their resume to windsorrecruiting@aarcorp.com. **Please quote file # AAR-009.** Please submit your resume in MS Word or PDF format.

Although all applications are appreciated, only those candidates selected for an interview will be contacted.

AAR is committed to building a diverse and inclusive workforce. We encourage applications from people of all races, ethnic origins, religions, abilities, sexual orientations, gender identities,

or expressions. We are dedicated to the health and safety of our people, our customers, and the communities where we live and work.
